A NEW OFFENSE

It's been four years since the University of Omaha had a losing football team. And early predictions for the 1965 campaign indicate the Indians can hope for another winner this fall.

There are three big factors in the predictions--a new offense, 20 returning lettermen and a great backfield.

The new offense--the pro-set--will feature a passing attack centered around junior quarterback Marlin Briscoe. Marlin (The Magician) is an expert passer who can throw short or long. If he can't throw, he can run with the abandon of Fran Tarkenton, Minnesota Viking's exciting scrambler.

There are many good receivers like Gerald Allen, Rick Davis, Terrill Edwards, Jim Jones and Don Crum.

However, the Indians won't depend entirely on the air arm. On the ground OU has All-American Gerald Allen at left half, fullback Bill Dodd, Davis at flanker back and the versatile Briscoe. In addition, OU has lettermen like Cal McGruder, Lew Garrison, Joe Benson, Jim Rauch and Tom Wolff to back up the front line backs.

Up front are standouts like Bill Jansen, 255 pound tackle; guards Harlan Aden and Jerry Ferguson, 220 pounders; center Ken Pelan, 210; and ends Jim Jones, 255; and Terrill Edwards, 200.

"We think we are pretty well staffed with experience and there is plenty of depth at most positions," Caniglia points out.

"We have some great individuals; If we jell as a team, this could be one of our greatest seasons" Caniglia continued.

Caniglia believes the Indians could have a fine season if injuries and a tough schedule don't hew down some fine individuals.

And of course, freshmen recruits must fill in at some trouble spots depthwise, if the Indians are to roll.

OU's first ten-game schedule in recent seasons ranks as one of the toughest.

"We could have a good club and lose several games," Caniglia said.

Breaking it down position-wise:

Ends--good with lettermen like Terrill Edwards, Jim Jones and Harold Lenz. Loss of veterans Mike DiBiase and Jim Norris, who chose not to return, greatly felt. Dibiase caught 19 passes for five TD's last year and Norris was a good outside linebacker.

Tackles--good shape with vets like 255 pound Bill Jansen, Dave Rak, Ron Stave and Tom Hutchison. Jansen is greatly improved, should make big difference in offensive line. Rak and Stave defensive veterans.

Guards--Harlan Aden and Jerry Ferguson two of the best in the business.

Center--Ken Pelan, sophomore letterman, has developed and should be adequate.

Backfield--Strongest position on squad, headed by All-American Allen, Briscoe, Davis, Dodd, and six other letterman.

INDIAN ROAD RECORD IS AS GOOD AS HOME MARK

University of Omaha footballers under Al Caniglia have done no better at home than on the road. At home, Al's clubs have won 13, lost 8 and tied 2. On the road the record is 14-9. The Percentage is .609 for both records.

OU FACTS AND HISTORY

The University of Omaha, 56 years an institution of higher learning, was founded in 1908 as a private, non-sectarian, co-educational school. The University became municipal in 1931.

The present campus, on the fringe of Omaha when the Administration building was opened in September of 1938, has grown with the city. In 1949, the second building on the campus was opened--the $750,000 Fieldhouse stadium.

The Gene Eppley Library was compelted in 1955. Applied Arts Building in 1959 and the Student Center Building in 1960. All campus buildings are completely air-conditioned, making Omaha U. the only such University in the world.

Full educational and athletic programs are offered the University's 9,000 students, of which 4,600 are full time day students.

The University, fully accredited by the North Central Association of Colleges and Secondary Schools, is composed of five colleges: Arts and Sciences, Applied Arts and Sciences, Business Administration, Liberal Arts College of Teacher Education and College of Adult Education. The Division of Technical Institute and Graduate Studies plus a Summer Sessions Program help round out the educational program.

The University, as a further service to the community, designs training courses for business and industrial employees; supplies in-service training for teachers; conducts television classes for University credit on KMTV: and sponsors a wide variety of conferences, workshops, lectures and concerts to enrich the academic program.

The University of Omaha has gained an enviable reputation for the quality and character of its athletic teams and currently is a member of the Central Intercollegiate Conference (CIC), the National Association of Intercollegiate Athletics (NAIA).

National recognition and honors have been received in all sports and steady progress in intercollegiate athletics has been evident during the last decade. Full schedules are sponsored in 8 sports -- football, cross country, basketball, wrestling, baseball, golf, tennis and track.

Intercollegiate athletics are directed and controlled in the same manner as all other academic and extracurricular activities. All athletic policies conform to the basic policy of the University as determined by the Board of Regents. The responsibility for the administration of these policies is delegated to the OU president. The Director of Athletics and the Faculty Athletic committee actually administer and advise in the administration of the program. The program is coordinated with the PE and intra-mural programs.
